		2001 & Older	Required

Emissions: Vehicles with model year less than six years old need an emissions inspection once every two years. Vehicles in this category that have even-numbered model years must have emissions inspections in even-numbered years, and vehicles that have odd-numbered model years must have emissions inspections in odd-numbered years. Emissions for Gas powered vehicles are due In Davis, Salt Lake, Utah And Weber counties. Emissions for Diesel powered vehicles are due in Davis, and Salt Lake Counties. Emission certificate must be original, dated within the previous 11 months and surrendered at the time of application.

Vehicles with model years six years old and older must pass emissions inspections every year.

Safety: Vehicles with model year less than eight years old need a safety inspection once every two years. Vehicles in this category that have even-numbered model years must have safety inspections in even-numbered years, and vehicles that have odd-numbered model years must have safety inspections in odd-numbered years. Certificates for Safety (for vehicles less than 26,000 lbs.) should be original, dated within the previous 2 months, and surrendered at time of application. However for fleets of 101 vehicles or more, the certificate for Safety can be dated within the previous 11 months and surrendered at the time of application.

Vehicles with model years eight years old and older must pass safety inspections every year.
